The power of
CHANGE

The power of Change

Think about it, if there was not change, there would be no future.

Change is your future your change for an even better journey.

Change is your chance to seek, discover and find an even better life

The power of Change

First step is to accept what happens.

Did you make the decision, then you are one step ahead if the decision was made for you.

Look what is in it for you, why is this happening FOR you not to you. It is FOR solely you.

What is the learning

The power of Change

Knowing that this is for you

What do you really want to change

List it, tell it, feel it, discover it, see it

The change is for you to become even better at
_____ and this will add to my life

The power of Change

There is no change that happens without reason. You could do so many things and still you choose to follow this road

What learning, what lesson, what wisdom do you achieve

Where are you 1 year from now. Tell your story in ME

The power of Change

What is change going to give you _____

How is the change going to influence your life _____

What are you going to do differently _____

When will you be on your feet again _____
